SUBJECT: [REDACTED] Memorandum of 21 June on the "Possibility of a  
25X1A Negotiated Settlement in the Korean War."

Rather than to write a point by point critique of  
25X1A [REDACTED] Memorandum, I propose to present my views on the  
matter from the Communist position. I tried to avoid elaboration  
at this stage and therefore listed only the most pertinent con-  
siderations in a condensed form.
